

ROOM EXTENDER

- **Fitted with a CFL bulkhead**
 - Can fit CFL and LED globes. (Not included)
- **Can fit multiple extenders (daisy chain)**
 - The combined length of cables assembled in any chain should not exceed 25m.
 - The circuit should be connected to a Distribution Board with a 16A circuit breaker
- **Complies to standard VC8029:2012**
- **Works with the Allbro NewGen Readyboard or with adaptor sold separately**

* Not suitable for permanent outdoor use / not weatherproof
* Can be used as extension lead (NOT mounted)

Installation Steps:

Fix the mounting plate to the wall using 3x6mm screw/plug

STEP 01

Hook the unit at the top as shown and close it

STEP 02

The cable can be spooled at the back to keep it neat and tidy

STEP 03

If you want to connect more than one Room Extender, Repeat Step 1 and 2 (Maximum combined length of cable in any chain should not exceed 25m)

STEP 04

Adaptor (SOLD SEPARATELY)

- **Plugs into any standard SA 3 pin socket**
- **Takes the new standard 3-pin SA slimline plug and regular 2-pin plugs**
- **Power "ON" indication light**
